Raj Patel

Ahmedabad, GJ, India.
https://rajpatel-mobiledev.github.io/

Senior iOS & Flutter Developer with hands-on experience since 2019 in designing, developing, and deploying robust, user-focused mobile applications. Proven track record in delivering diverse app solutions—including Health apps, smart Contact management apps, high-conversion Shopping apps, efficient Service-based platforms, and modern Dating apps—using native Swift and cross-platform Flutter frameworks. Adept in applying MVVM architecture, integrating REST APIs and Firebase services, and maintaining clean, scalable codebases. Recognized for driving full project lifecycles, collaborating with UI/UX teams, and consistently launching high-performance apps that enhance user engagement and client ROI.

EXPERIENCE

Hyperlink Infosystem, Ahmedabad — *Sr. iOS & Flutter Developer*

APRIL 2021 - PRESENT

– Researching, designing, implementing and managing software programs.
– Identifying areas for modification in existing programs and subsequently developing these modifications
– Led QA testing cycles that reduced app crash rates and improved UI stability.
– Project management & Scrum handling
– Mentoring junior developers, introducing coding standards, and optimized onboarding.

Patel-Apps Pvt Ltd, Ahmedabad — iOS & Flutter *Developer*

JULY 2019 - APRIL 2021
